Good Morning,

Attached please find a Wood Heater Application for EPA Certification presented by Hearth & Home Technologies for the model **Harman Accentra 52i-TC** pellet heater. I also have attached the certificate of conformity for this unit. The non-CBI test report is on a USB drive in the mail that you will be receiving shortly. I have also sent via mail a USB drive with the CBI test report to the CBI Office.

If you have any questions please let me know.

Thank You,
